Wet/Dry Areas - Heavy duty

563 Sanitop Deluxe™

Wet/Dry Areas - Heavy duty

563 Sanitop Deluxe™

Safety and comfort unite in this product with an ergonomic benefit derived from 20 mm thick worker platform. Bevelled ramps are available to reduce trip hazards.

Straight edges allow coverage of any area through linking the mats lengthwise or side by side, held together by connectors. Large drainage holes and raised studs provide aeration and allow fluids or debris to fall through, leaving the surface clear. Bevelled ramps are available to reduce trip hazards.

Made of tough rubber compound, designed to yield a long service life. Aggressive slip resistant surface. Non-shifting: heavy weight keeps mat in place.

Recommended use:

- Heavy duty
- Industrial Environments
- For placement in manufacturing plants, assembly lines, picking, packing and logistics warehouses, individual work stations.

Specifications:

- Natural rubber
- Attachable bevelled edges are available
- Overall thickness: 20 mm
- Weight: 12,3 kg/m²
- Free of DOP, free of DMF, free of ozone depleting substances, free of silicone and free of heavy metals

Recommended accessories:

- 563K Sanitop Deluxe™ Connectors
- 563N Sanitop Deluxe™ Ramp

Standard sizes:

- 91cm x 152cm

Colours:

- Black

Cleaning instructions:

- Hose off with water

GENERAL DESCRIPTION

Type	Wet/ Dry Areas - Rubber Working Platforms
Description	Duckboard, open ring mat, drainage holes, aggressive slip-resistance surface.
Recommended use	Wet/Dry Areas
Category	Ergonomic, Anti-fatigue Safety Matting Heavy duty
Colours	Black
Edges	Attachable bevelled edges are available

TECHNICAL SPECIFICATIONS

Material	Natural rubber
Process	Compression Moulding
Total weight	12,3 kg/m ²
Overall thickness	20 mm

TESTS

Sustainability	Recyclable material
Surface flammability	ASTM D2859 Pass

DIMENSIONS

Standard sizes	Full rolls	Custom lengths
91cm x 152cm
